MEMORANDUM FOR: [redacted]

CIA Emergency Planning Officer

SUBJECT:

Relationship with Pentagon Command Post

REFERENCE:

Memorandum from [redacted] dated 9 May 1958,
subject same as above

1. With regard to the CIA Relationship to the Pentagon Command Post we do have the responsibility to furnish critical information to other members of the intelligence community. The Air Defense readiness notification from the Air Force Command Post would fall under this category. The regulation covering this activity is CIA Regulation [redacted] dated 20 July 1953, as amended. This is implemented by OOI Regulation [redacted] dated 5 March 1954. Pertinent extracts from this regulation are attached.

2. The Pentagon Command Post, the National Indications Center, and CIA are in direct wire communication on a 24 hour basis. Critical information is exchanged among these and other members of the intelligence community as soon as it is received. The CIA regulation referred to above also relates to these activities.
